In order to maximize health and safety measures and reduce opportunities for COVID-19 transmission, starting Saturday, March 28, CofC Dining will transition to one meal period (11:00 a.m. - 2:00 p.m.) for students to pick up their breakfast, lunch and dinner from the pick-up window.

Your Cougar Card has been set up to allow all three meal swipes at once, and you can use it for any combination of ready-to-eat meals (entrees, salads, etc.) and/or Meal Kits that you choose.

Ready-to-eat meals can still be ordered at the pick-up window, 11:00 a.m. - 2:00 p.m., for one, two or three meals.

Meal Kits will include a wide selection of pre-packaged dinner and breakfast items.

If you want to pick up Meal Kits (for one or two meals), please complete this form by 6:00 p.m. each evening for pick-up the following day. The Meal Kit order form can also be found here:
- link in Instagram bio @cofcdining
- charleston.campusdish.com
- your CofC email

We will, of course, continue to accommodate food allergies or preferred dietary choices (vegetarian, vegan, etc.). Additionally, if you have other questions or needs, please let us know.

All students, with or without a meal plan, are welcome to get meals. Current meal plan holders will swipe their Cougar Cards as usual. For those students who do not currently have a meal plan, we ask that each student present their Cougar Card to confirm student status when ordering their meal.
